

I am writing to support K-LOVE radio. K-LOVE helps reinforce my religious beliefs throughout the stressful work week and helps keep me calm in times of great stress. If K-LOVE were to be replaced by LPFM radio, the word of God would be taken away and I feel that my religious rights would be violated. K-LOVE is a very positive reinforcement of what God wants people to hear and it would be a travesty to remove K-LOVE from the radio.
